

A WWSS-P Supplier

Worldwide Satellite Systems Program

As a subcontractor to DSCI under the Worldwide Satellite Systems (WWSS) program, ATCi provides satellite communications solutions to the Department of Defense (DOD) or any federal agency. ATCi's participation as a subcontractor under the Government's WWSS program is affirmation of our ability and expertise in deploying network-centric communications systems.

ATCi stands ready to supply the following configurations under WWSS:

- VSAT Satellite System
- Fixed Station Satellite System
- Flyaway VSAT Satellite System
- Trailer Mounted Satellite System
- Deployable Satellite Earth System
